

By direction of the President

THE BRONZE STAR MEDAL

is presented to

FIRST LIEUTENANT ROBERT M. HUNTER

United States Army

For distinguishing himself by meritorious service in connection with military operations against a hostile force during the period August 1970 to May 1971 while serving as Engineer Advisor, Advisory Team 91, Binh Duong Province, Republic of Vietnam. During his tenure with Advisory Team 91, Lieutenant HUNTER demonstrated sincere dedication to duty and vast knowledge and experience in the engineer field while accomplishing his demanding advisory duties in an exemplary manner. He assisted Vietnamese engineers in the construction of roads and bridges throughout Binh Duong Province. On several occasions he performed his duties at considerable personal risk while working in remote areas or on unsecure roads. His desire to assist the Vietnamese and his professional advice to them won for him the respect and admiration of the Vietnamese people as well as that of his associates. His high degree of motivation and a sense of urgency to complete his mission enabled him to assist in the erection of several buildings throughout the province and also the repair of numerous others. Working in his spare time, he was the main motivating factor in the building of a swimming pool for the team. His guidance and assistance greatly contributed to the team's increased morale. First Lieutenant HUNTER's performance of duty was in keeping with the highest traditions of the United States Army and reflects great credit upon himself and the military service.

THE UNITED STATES OF AMERICA
